

ROBBIE RICHTER

Greensboro, NC • (336) 904-5424 • richterrw@appstate.edu

PROFILE

Mathematics and Actuarial Science graduate pursuing the SOA pathway toward ASA, with two exams completed or in progress and hands-on experience building risk and financial models in R, Python, and Excel/VBA. Strong in probability, statistics, and Monte Carlo simulation.

EDUCATION

Appalachian State University, Boone, NC *May 2026*

B.S. in Actuarial Science & Mathematics | Minors in Finance and Statistics

Dean's List: Spring 2022, Spring 2024, Spring 2026

ACTUARIAL EXAMS

SOA Exam FM (Financial Mathematics) – Passed February 2026

SOA Exam P (Probability) – Sitting July 2026

TECHNICAL SKILLS

Modeling & Analysis: Probability, statistics, risk modeling, Monte Carlo simulation, regression analysis, financial mathematics, Black-Scholes pricing

Tools: Excel (advanced – PivotTables, VBA macros), R, R Markdown, Python, SQL

Concepts: Risk assessment, retirement & solvency modeling, time value of money, forecasting

PROJECTS

W. Kerr Scott Dam Hydropower Retrofit Risk Assessment | *R / Excel*

- Conducted an actuarial and engineering risk assessment for the U.S. DOE Hydropower Collegiate Competition, including flow duration analysis, a 10,000-iteration Monte Carlo simulation, LCOE analysis, and a quantitative risk register.

Fixed Income Retirement Model | *Excel / VBA*

- Built a Monte Carlo simulation to model portfolio solvency under the 4% withdrawal rule using stochastic return assumptions.

Hypertension Risk Factor Analysis | *R*

- Analyzed patient data across demographic and lifestyle variables to identify statistically significant predictors of hypertension.

SPX Options Trading Model | *R*

- Built a quantitative options model using Monte Carlo simulation and Black-Scholes pricing, with a regime-detection layer to adjust assumptions across market conditions.

EXPERIENCE

Accounting Intern — Chandler and Richter CPAs, Kernersville, NC *Jun 2025 – Aug 2025*

- Managed accounts payable/receivable, invoicing, and payment processing in QuickBooks and Excel.
- Supported a payroll system transition during a company acquisition, coordinating between internal staff and the seller.
- Prepared individual tax returns alongside senior accountants using Drake Tax software.

Group Sales Assistant — Sugar Mountain Ski Resort, NC *Dec 2025 – Mar 2026*

- Built a Python automation tool that eliminated manual ticket data entry, streamlining group sales operations.

Store Manager — Jimmy John's, Greensboro, NC *Jan 2023 – Dec 2023*

- Managed payroll, scheduling, inventory, and daily cost controls for a high-volume location while supervising staff.

LEADERSHIP & ACTIVITIES

Treasurer — App State Ice Hockey Club, Boone, NC *Jan 2022 – Dec 2022*

- Managed a \$40,000 seasonal budget and maintained financial reports to support board budgeting decisions.

Member, App State Actuarial Science Club and Mathematics Club | AAU club hockey, 2025 National Tournament
